

Building Service Worker Program

January 26 to February 20 – Campbell River

Limited Seating

This program encompasses theoretical and technical skills training required to work in the building service custodial field. Topics include: attitudes, ground rules, WHMIS, blood borne pathogen and sharps safety, hanta virus awareness, basic cleaning chemistry, cleaning procedures overview, interior office cleaning, restroom cleaning, daily floor maintenance and classroom cleaning. Curriculum also encompasses instruction and hands on training for maintenance of all types of resilient and hard floor surfaces. In addition to modern methods for daily and periodic commercial carpet care, including a detailed examination of systems, chemistry, and equipment; preventative cleaning, interim cleaning, restorative cleaning, carpet protection and topical treatments, spot removal, and odour control. The Transition to Employment component assists participants with resume preparation and job search skills and resources.

Courses include:

- Foundation/Transition to work Skills
- Building Service Worker – Level 1
- Building Service Worker – Level 2: Hard Floor Care
- Building Service Worker – Level 3: Carpet Care
- Building Service Worker – Practicum

The program also includes the following certification:

- WHMIS
- Worksafe – Preventing and Investigating Musculoskeletal Injury
- Occupational First Aid – Level 1
- Building Service Worker Certificate

You may qualify for Ministry funded training if you are:

- Unemployed with no attachments to EI in the last three years or
- Employed, low skilled meaning:
 - Self-employed; or
 - Receiving, or entitled to receive wages for work performed for an employer and who is subject to regular employment deductions; and
 - Who has no recognized post-secondary education (whether completed or merely attempted) towards a university degree and;
 - Does not have a high school diploma or equivalent; or
 - Has completed high school but who does not have any recognized certification
