FM4 or 150T Masters – Harvest Support Vessels

Reporting to the Harvest Supervisor, the Master provides harvest assistance by leading crews to ensure work is executed in a safe and professional manner.

Responsibilities:

- Ensure the health and safety of the crew, safety and security of the vessel, and for the protection of the environment from pollution from the vessel.
- Operate the vessel in full compliance with local, company, and federal regulations, Acts, guidelines etc. applicable to any Canadian commercial marine operation.
- Strictly observe Marine Harvest policies, operating procedures, and company standards.
- Maintain the vessel according to MHC maintenance schedules, and to Transport Canada requirements.
- Coordinate and participate in safety and emergency training and drills, crew familiarizations, mentoring and training of new personnel, (etc.) as well as completing required documentation.

Qualifications:

- Fishing Master 4 or 150T Master Certificate of Competency, including the training and sea time applicable to your certificate.
- ROC-MC, Marine Advance First Aid, MED, valid Seafarer's Medical Certificate
- Harvesting fish – with attention to fish husbandry and welfare
- Seine Net handling, harvest pen rigging set up / tear down, grower net handling
- Experience with movement of freight; Crane Certification is preferred
- Vessel and equipment maintenance experience
- Self-motivated with leadership ability
- Excellent time management and ability to manage others
- Safety oriented with extensive vessel experience in rough weather

Closing Date: 10th December 2018

We offer competitive wages, a comprehensive benefits package, and potential for annual company bonus. Travel to sites is provided as well as food program and required gear. Opportunity for growth and professional development is another benefit of working at Marine Harvest.
