Details:

Key Responsibilities

- Diagnose, repair, and maintain a wide range of heavy-duty forestry equipment (e.g., skidders, loaders, harvesters, log trucks) and light-duty vehicles.
 - Perform regular inspections, preventative maintenance, and record all service work.
 - Troubleshoot hydraulic, electrical, and mechanical systems.
 - Fabricate and weld components as needed.
 - Maintain a clean and organized work environment, ensuring compliance with safety and environmental standards.
 - Collaborate with operators, supervisors, and management to minimize downtime and prioritize repairs.
-

Qualifications & Experience:

- Journeyperson Heavy Duty Mechanic (Red Seal preferred) or equivalent experience.
 - Experience with both on-road and off-road equipment repairs.
 - Strong understanding of diesel and gasoline engines, hydraulic systems, and electrical diagnostics.
 - Welding and fabrication experience considered an asset.
 - Ability to work independently in shop and field settings.
-
