Details:

If you are looking to work on a long term project, (starting soon), and live in Saanich, or surrounding area, GLEN TRAFFIC is looking for you!! We are looking for TCPs and LCTs with a minimum of 1 year experience in traffic control. Glen Traffic is looking to make a team of experienced Traffic Control Workers for the area of Saanich. Job Summary We are currently seeking for experienced and dedicated Traffic Controller Workers to join our diverse team and play a crucial role in maintaining the safety and efficiency on roadways across Vancouver Island more centrally towards Saanich and the surrounding areas. This role requires a strong understanding of heavy equipment operation, construction practices and road paving. As a Traffic Controller, you will play a crucial role in maintaining safety standards and facilitating smooth operations on site. Responsibilities:

- Direct traffic flow around construction zones to ensure safety for both workers and the public.
- Set up and maintain traffic control devices such as cones, signs, and barriers.
- Communicate effectively with construction crews to coordinate operations and minimize disruptions.
- Protect workers by keeping work space free of traffic and warning them of approaching hazards.
- Monitor site conditions and adjust traffic control measures as necessary to ensure safety.
- Reviewing traffic management plans.
- Conduct regular inspections of traffic control setups to ensure compliance with safety regulations.
- Report any incidents or hazards immediately to the site supervisor.
- Perform other related duties as required.

Qualifications & Experience:

- BCCSA approved Traffic Control Person certification.
- Proven experience for a minimum of 1year working as a Traffic Control Person is Mandatory.
- Knowledge of TMPs is Required.
- Strong communication skills and the ability to work collaboratively within a team environment.
- Experience in heavy equipment operation is preferred.
- Familiarity with paving processes and construction site protocols is highly desirable.
- Attention to detail and a commitment to maintaining high safety standards.
- Ability to remain calm under pressure and make quick

decisions in dynamic environments.
