Expiry Date:

Friday, February 27, 2026

Details:

Job description North Island Propeller in Campbell River, BC is a well-established small business, providing quality repair services and sales of new, used and refurbished marine propellers for recreational, commercial and industrial applications. North Island Propeller is locally owned and operated by Brian Jansen, and has been in business for over 40 years, serving Campbell River and it's neighboring communities throughout, and surrounding Vancouver Island. This person would need to have an entrepreneurial spirit as well as a keen interest in the marine industry, as this is their biggest customer. Schedule: • 8 hour shift (8:00-4:00) • Day shift • Monday to Friday Expected start date: Immediately Benefits: • Casual dress • On-site parking • Store discount If you are interested in having your own business, why not consider starting in a supervisory/managerial role to learn from the current owner, benefit from his mentorship, and take over the business after you have learned all you can from him? If you need help with business plan development, please contact the Work BC Centre, Campbell River for more information about their self-employment services. They will help you determine if you are eligible for their self-employment program. If you want to come on as an employee, you may be eligible for the Work BC Wage Subsidy Service (paid on the job training). Please contact the Work BC Centre, Campbell River for more information about their Wage Subsidy service.

Qualifications & Experience:

The RIGHT person will require the following traits: You... • are ambitious and motivated • are hard working, and have a reliable work ethic • are a team player • believe that customer service is first and foremost • have a keen interest in and commitment to the marine industry • have excellent communication skills • are willing to learn on the job • are committed to the community of Campbell River

SKILLS: The more you have the better! Having said that, a healthy interest in gaining any or all of the skills listed below is a great start to the goal of owning a niche-market business where you have an opportunity to gain valuable hands-on experience from master craftsmen. **ASSETS:** Experience, knowledge of, or keen interest in the following trades and/or skills:

- Marine propeller service, Propeller pitching, repair and sales
- Metalwork, Welding, Forging
- Grinding, polishing, sanding, painting
- Welding and metalwork knowledge (if you do not have actual experience)
- Experience within the marine industry specifically
