Details:

Location: Vancouver Island, BC (travel throughout British Columbia) Reports to: Glen Bye Work Type: Ongoing Contract | Pay-Per-Test Model | 4-60 hrs/week Wage: \$20/hr Looking for a meaningful career protecting workers' hearing health? We are seeking a certified Industrial Audiometric Technician (IAT) to conduct onsite hearing tests for noise-exposed workers across Vancouver Island and BC. This part-time role has the potential to grow into full-time and offers independence, travel, and strong team support. Key Responsibilities • Independently manage onsite testing schedules and rescheduling as needed • Address additional testing requests • Diagnose and resolve vehicle and mobile test unit issues • Serve as the front-facing ambassador of the NexGen Hearing brand • Maintain a professional demeanor at all times • Ensure all testing is completed before departing a site • Book accommodations within budget when required • Track and document mileage for the mobile testing unit • Drive and operate a 5-ton van and trailer unit (approx. 47 ft total length) • Inspect vehicle condition (fuel levels, tire wear, basic maintenance needs) • Monitor and troubleshoot testing equipment and electronics • Complete all required paperwork and data entry through the WSBC portal Working Conditions • Combination of sitting and standing in mobile testing unit • Independent work in quiet testing environments • Variable temperatures (units equipped with heating and A/C) • Extensive travel across BC, with a primary focus on Vancouver Island • Flexible 24-hour scheduling to accommodate day, afternoon, and night shifts • Occasional weekend work and overnight stays • Travel to remote camps, potentially including helicopter or boat access NexGen Values • We Create Trust — We value honesty, integrity, inclusion, and respect. We keep our promises. • We Are Team Players — We collaborate, take initiative, and support each other. • We Create Innovative Solutions — We continuously improve and share ideas. • We Apply a Can-Do Attitude — We seek solutions and

create value for our customers.

Qualifications & Experience:

Education & Training • Completion of the Industrial Audiometric Technician course through BCIT (OCHS 3330) (asset if already posses but needs to be willing to take the 4 day course on the mainland) • Valid driver's license • Ability to safely drive and park a 5-ton van and trailer unit Experience • Customer service experience preferred • Experience with automated audiometers an asset • Understanding of WSBC testing and interpretation protocols an asset • Strong attention to detail • Basic mechanical and electronic troubleshooting skills
