**Details:**

We are seeking an experienced Pile Driving Superintendent to lead pile driving operations on marine and heavy civil construction projects. This role is responsible for safe, efficient, and high-quality installation of piles, while managing crews, equipment, and daily field operations. Responsibilities include:

- Supervise all pile driving activities
- Lead and supervise crews/subcontractors
- Plan and coordinate daily work
- Equipment and materials
- Communicate daily progress
- Schedule impacts, and field issues to project management.

---

**Qualifications & Experience:**

- 10+ years pile driving or marine construction experience
- Prior superintendent or foreman experience
- Strong knowledge of pile driving methods
- Equipment and marine operations
- Ability to read and interpret plans and specifications.
