Details:

Journeyman Heavy Duty Mechanic (Owner/Operator Service Truck) Location: Northern Vancouver Island Operations - Woss Schedule: 7 Days On / 7 Days Off (12-Hour Shifts) Pay: \$120.00 per hour Lead Field Maintenance for a High-Production Fleet Holbrook Dyson Logging (HDL) is seeking a Journeyman Heavy Duty Mechanic who is a true owner/operator. We are looking for a professional to provide their own fully equipped service truck to support our North Island operations on a 7-on / 7-off rotation. You will be the primary line of defence against downtime, maintaining a diverse fleet of yarders, loaders, and road-building iron in a fast-paced environment. The Role This is a high-autonomy position for a mechanic who thrives on independence and field problem-solving. • Full-Service Field Support: Utilizing your own service truck to perform diagnostics, welding, and major component repairs on active logging sites. • Fleet Reliability: Conducting rigorous preventative maintenance as per our Safe Work Procedures to identify hydraulic leaks, structural cracks, or mechanical wear before they cause downtime. • Remote Operations: Navigating steep forest service roads to reach equipment and ensuring all repairs are conducted safely on uneven terrain. • Safety Leadership: Maintaining a strict exclusion zone during high-pressure testing and ensuring all equipment is "locked out" before work begins. The HDL

Advantage • The Premier Logging Schedule: 7 days on, 7 days off. Work a solid week and then enjoy a full week off to recharge or handle your own projects. • Industry-Leading Pay: \$120.00/hr all-inclusive rate for your expertise and the provision of your own service vehicle and tools. • Independence: Manage your own mobile shop and prioritize repairs across multiple active shows. • Safety Culture: Work for a SAFE Certified company that prioritizes well-maintained equipment and clear communication.

Qualifications & Experience:

What You Bring • Certification: Valid Red Seal Journeyman Heavy Duty Mechanic ticket is mandatory. • Equipment: A reliable, fully rigged Service Truck with the necessary tooling for field repairs (crane, welder, and compressor). • Experience: Deep technical knowledge of coastal logging equipment and hydraulic systems. • Licensing: Valid Driver's License with a clean abstract. • First Aid: Intermediate or Advanced First Aid is a definite asset!
