Details:

We are seeking passionate, collaborative, and patient-focused individuals to join our team! At London Drugs, you're not just an employee—you're family. That's why we call ourselves a pharmacist-first pharmacy: at every one of our locations, you'll find a community-oriented working environment that offers you a balanced life and rewarding career. Our family-owned business has been around for over 75 years, and our pharmacy has been at the heart of what we do since day one. We believe that a great deal of our success comes from supporting our pharmacists to ensure they have a fulfilling career. Some of the ways we do that are: ● No prescription quotas ● Advancement opportunities through our promote-from-within policies ● Salaries commensurate with experience & potential to earn bonuses ● Multiple pharmacists always on shift ● Pharmacy technicians on-staff to relieve pharmacists from routine tasks ● Flexible hours to adapt to your lifestyle and priorities We offer advancement opportunities through our promote-from-within policies, as well as the following comprehensive benefits program. Starting pay will fall within the salary range indicated and may vary based on job-related experience, knowledge, and education: ● Medical, dental, prescription drug, and vision coverage for you and your family ● Company matched RRSPs after 2 years ● Employee Discount Program ● Ongoing In-House Training & Education Courses ● Employee Family Assistance Program (includes free confidential counseling and support) ● Employee Recognition Program ● Community involvement opportunities

Qualifications & Experience:

Successful candidates will possess: ● Bachelor of Science in Pharmacy ● Good communication skills and excellent customer and staff relations ● Ability to work as a team player ● Ability to work quickly, multi-task, and work well under pressure ● A high level of professionalism ● Strong computer skills ● Willingness to participate in continued education to upgrade their knowledge ● A desire to actively engage in patient counseling, monitor patient profiles, and perform drug usage reviews ● An interest in disease management and compliance programs and being involved with community seminars and workshops ● Ability to work a

flexible schedule, Monday to Sunday
