We are seeking a Carpenter Apprentice to join our team. The ideal candidate will be enthusiastic about carpentry and dedicated to delivering high-quality workmanship. From framing to finishing, the Carpenter Apprentice will be involved in various stages of construction projects, ensuring precision and attention to detail at every step. Travel to the site is included from Campbell River.

- Interpret blueprints, drawings, and specifications to determine project requirements.
- Measure, cut, and shape wood, plastic, fiberglass, and other materials.
- Construct, install, and repair structures and fixtures such as cabinets, shelves, doors, windows, and molding.
- Collaborate with other team members, including architects, designers, and contractors, to ensure project objectives are met.
- Maintain tools and equipment in good condition and ensure proper safety protocols are followed.
- Complete projects within established timelines and budget constraints.

Qualifications & Experience:

- Must have 2-3 years of experience in the construction industry.
- Experience in forming, framing, and siding.
- Proven experience as a Carpenter Apprentice in the construction industry.
- Proficiency in using hand and power tools, including saws,

drills, and sanders. • Strong knowledge of carpentry techniques and best practices. • Ability to read and interpret blueprints and technical drawings. • Excellent attention to detail and precision in workmanship. • Physical stamina and the ability to lift heavy objects and work in various weather conditions. • Excellent communication and teamwork skills.
