

🐾 ADULT CAT FOSTERS NEEDED — CRPAWS 🐾

(The quiet souls waiting for a second chance 🤍)

At **CRPAWS**, our adult cats aren't here because they failed — they're here because **they were let down**. Many were abandoned or dumped, and they're simply looking for a safe place to land while they learn that people can be kind again.

🌟 What fostering an adult cat with CRPAWS looks like:

🐱 A cat who may start off shy, then slowly shows who they really are

🐱 A calmer companion who appreciates patience and routine

🐱 A chance to watch trust grow day by day

🐱 Deep, meaningful bonds once they feel safe

🏠 A decompression space is important

Because many CRPAWS cats have been through a lot, we ask that fosters have **a quiet space just for them at first** — a spare room or area that can be closed off. This gives them time to settle, breathe, and adjust at their own pace.

👉 Most cats don't need this forever — just a soft start.

🤍 Why this matters

That calm, safe space can be the difference between a scared cat and one who finally relaxes enough to show their true personality. CRPAWS fosters often tell us how rewarding it is to witness that transformation.

✔ You're never on your own

CRPAWS provides support, supplies, and vet care — and we're always here to help you through the process.

If you have a bit of patience, a quiet space, and a heart for the underdogs, **you could change a life in ways that truly matter**.
