

Crowhurst Forest Management Group

Crowhurst Forest Management Group (CFMG) is a forestry consulting firm based out of **Campbell River, BC**. CFMG specializes in conventional and helicopter harvest layout, timber valuation, harvest cost assessments, and timber cruising. We work with several stakeholders and multiple divisions, offering a diverse array of experience. Our company is looking for keen, hardworking individuals who enjoy the outdoors to join our team. CFMG offers industry-competitive wages and benefit programs. These positions are primarily in remote camp settings, with office work to be completed in our Campbell River office.

Intermediate Forest Planner

- Minimum 2 years of coastal harvesting experience or equivalent training
- Familiarity with GPS surveying, data processing, Roadeng, and GIS.
- Confident in road traversing and road reactivation surveys
- Good communication skills.
- Some experience with supervising crews.
- Hard working and a self-starter
- A valid BC driver's license
-

Assistant Forest Planner / Summer Student

- Preference is given to those with one year of forest engineering experience or completion of a forestry program from a recognized institution.
- Good communication skills.
- Hard working and willing to learn.

We are willing to provide training to the right candidate if they lack experience in some of the fields listed.
