

Electrician - Freshwater Operations

Mowi Canada West is currently seeking an individual to join the team as a full-time, permanent Maintenance Technician within our Freshwater Operations. Reporting to the Hatchery Manager the incumbent will plan and carry out inspections and maintenance of machinery and equipment on our Hatcheries.

Responsibilities:

- Perform inspections, maintenance and repairs on our salmon farming equipment.
- Engage and manage contractors as required.
- Ensure our 'Predictive and Preventive Maintenance' plan is carried out as intended by the Freshwater Maintenance Team.
- Read and interpret drawings, blueprints, electrical code specifications and schematics in order to effectively troubleshoot, maintain and repair equipment.
- Optimize equipment safety and efficiency by participating in continuous improvement projects and completing work orders according to PM schedules.
- Work on other projects as required.
- Be self starting and reliable dealing with a wide range of people in all levels of the building/sub-contracting industry.
- Work with other trades, and sometimes contractors, in a flexible team environment to achieve greater efficiencies and productivity.
- Assist the production team in the efficient operation of the equipment.
- Work safely and ensure safety of staff and of outside contractors working on site as per Mowi Canada West policy and procedures.

Requirements:

- Hold Red Seal Certification as an Electrician.
- Strong troubleshooting skills.
- Experience on Control systems, Frequency Drives, PLCs.
- Experience with computerized/automated equipment would be ideal.
- Ability to produce and read electrical schematics.
- Experience with networking.
- Strong computer skills.
- Be committed and self-motivated, with excellent organizational and communicational skills.
- Good working knowledge of current electrical Standards and Regulations.
- A valid driver's license.

Closing Date: January 27, 2020
