

With a moderate climate, spectacular scenery and year-round recreational offerings at our doorstep, the **City of Campbell River** is the ideal location to live, work, and play.

ENGINEERING TECHNOLOGIST I (Term Position to October 2020)

The City of Campbell River is seeking a full-time, term **Engineering Technologist I**.

As part of the Development Services team, reporting to the Development Engineering Supervisor, you will perform a wide variety of technical tasks in all aspects of municipal operations systems including: general department inquiries and correspondence; responding to BC One Calls; issuing Permits to Work on City Lands and record drawing maintenance; drafting documents; engineering drawing reviews; various inspections; and other miscellaneous assignments.

To complement your 2 year Diploma in Civil Engineering Technology or relevant field, you will also have:

- Introductory training in mapping and/or GIS applications.
- Minimum one year related experience in simple design, layout, and as-built recording of civil municipal projects within the past five years, or an equivalent combination of experience and training/education.

The hourly rate of pay for this CUPE bargaining unit position is \$32.50 working 40 hours per week, Monday through Friday.

For a detailed job description that lists all the necessary qualifications for this position, please visit the "[Employment Opportunities](#)" section of our website at www.campbellriver.ca.

Please include verification of your education and certifications with your application.

**This posting will remain open until filled.
Review of applications will commence immediately.**

Please send your resume with covering letter, quoting **Competition EXT-19-23** to:

Human Resources Department
City of Campbell River
301 St. Ann's Road
Campbell River, BC V9W 4C7
Email: careers@campbellriver.ca

We thank all applicants, however, only those selected for interviews will be contacted.
