We are searching for a

Food Safety Laboratory Technician

Reporting to the Fish Health and Food Safety Director, the Food Safety Laboratory Technician will support our production, quality and processing departments to ensure our product consistently meets all regulatory, company, certification and consumer food safety requirements.

Responsibilities:

- Ability to work within a team of professionals within the Fish health and Food Safety Department.
- Performing in-house laboratory activities including receiving, preparing and processing microbiological samples, data entry and reporting. Experience in PCR technique is an asset.
- Ensuring that safety practices in the laboratory (WHMIS, chemical and biological Safety) are consistently followed.
- General laboratory and equipment organization, cleaning and maintenance.
- Ordering supplies and maintaining inventory within budgetary objectives.
- Ability to work with Microsoft Office and other computer programs as required.
- Assisting with other laboratory activities and projects when required.
- Well organized, focused and attentive to detail.

Qualifications:

- Minimum BSc or laboratory technician diploma with a focus on microbiology.
- Minimum 2 years' experience in a diagnostic laboratory.
- Experience in aquaculture is an asset, but not required.

Closing Date: 28th December 2018

We offer competitive wages, a comprehensive benefits package, and potential for annual company bonus. To be considered for this opportunity with a progressive, growth-oriented company, please submit your resume and cover letter online at <http://marineharvest.ca/people/employment-postings/>
