

Alterra Power Corp. is a leading global renewable energy company, managing eight power plants totaling 825 MW of generation capacity including British Columbia's largest run-of-river hydro facility and largest wind farm, the recently completed Shannon and Jimmie Creek projects, two geothermal facilities in Iceland and a solar facility in Indiana. Alterra owns a 385 MW share of this capacity, generating over 1,700 GWh of clean power annually. Alterra also has an extensive portfolio of exploration and development projects and a skilled team of developers, builders and operators to support its growth plans.

Power Generation Operations Technician

Alterra's 40% owned Toba Montrose General Partnership (TMGP) operates and maintains the East Toba River, Montrose Creek and Jimmie Creek run of river hydroelectric plants north of Powell River. TMGP is seeking a qualified individual to join our current operations team which is responsible for the operation and maintenance of these facilities. An emphasis will be placed on hiring a qualified local resident and/or a First Nations partner.

The ideal candidate will have the following experience and qualifications:

- Previous experience controlling plant operations through a computer based HMI in an industrial environment (power or steam generation, pulp and paper production, oil and gas refining, etc)
- Strengths with protection and control, communication networks, programmable logic controllers
- Skilled approach to process control diagnostics/troubleshooting
- Red seal trade qualification as an Electrician and/or Instrument Mechanic or qualifications as an Electrical/Electronics Technologist/Technician
- First Aid Level 1 (minimum) or higher (advantageous)
- A valid B.C. Driver's License
- Physically fit
- Computer skills, including experience with MS Word and Excel

In addition, strong interpersonal and communications skills are essential. The successful incumbent will be self-motivated, flexible and able to work independently. An appreciation for working in a remote environment is essential.

We offer a competitive compensation package which includes full medical/extended health benefits and an employer matching RRSP program. Camp accommodation (room and board) as well as travel to and from site is provided by TMGP. The successful incumbent will work a week on/week off shift roster.

Applicants are invited to submit a cover letter and resume with full details of qualifications and experience by email to resumes@alterrapower.ca noting 'TMGP Operations Technician' in the subject line. Applications will be accepted until April 10, 2017.
