

Junior Forest Engineers Required

Renewable Forest Services Ltd. is a forest consulting company operating in all areas of Vancouver Island. We provide our clients with top quality personnel who focus on achieving a high level of quality production in the safest manner possible. We provide our employees a safe, productive and professional environment. We compensate our staff with the industry's top wages, benefits, and flexible work schedules.

Renewable Forest Services Ltd. is currently seeking permanent full-time junior forest engineers to start work on one of our many projects.

Junior Forest Engineers:

- Prefer candidates to have a minimum 6 months to a year of experience in layout and design of conventional and helicopter-based harvest systems, but we are willing to train the right individuals.
- Able to run and plot deflection lines.
- Experienced in boundary, road, and stream traversing.
- Possess a technical diploma or degree in forestry or have significant experience in this field.
- Able to communicate and work well with others in a professional environment.
- In good physical condition.
- Current knowledge of Roadeng, Trimble GPS operation, Microsoft Word and Excel.
- Valid driver's license
- Level 1 First Aid

Please submit your cover letter and resume, with references, in confidence to Renewable Forest Services Ltd. email: r-f-s@telus.net Only short listed applicants will be contacted.
