- Maintain accurate records of service requests and resolutions.
- Help manage inventory of technical equipment and supplies.
- Collaborate with senior technicians and other departments to ensure smooth operations.

**Qualifications:**

- Basic knowledge of computer systems, networking, and troubleshooting.
- Strong communication and problem-solving skills.
- Willingness to learn and take direction.
- High school diploma or equivalent; technical certifications or coursework is a plus.
- Valid driver's license required for on-site support.

**What We Offer:**

- On-the-job training and mentorship.
- Opportunities for advancement and professional development.
- A supportive and collaborative team environment.
- Health, dental, and extended benefits
- RRSP matching program
