

Little River Resources Ltd. is a consulting firm that specializes in forest management throughout Central Vancouver Island from Port Alberni to Woss. As a company we pride ourselves on our work ethic and ability to produce high quality work, safely. We work for a variety of clients including large TFL holders, private lands and woodlot owners.

Little River is currently looking to hire full-time permanent employees to join our team of Forest Professionals. We are interested in filling **Junior** and **Intermediate Forest Engineer** positions as well as **Forester** and **Timber Cruising** positions.

What we offer:

- Local work
- Excellent group of co-workers
- Competitive salary
- Employee benefits program

Job Description:

As a member of the Little River team you are a self-motivated individual who works well both individually and as part of a larger group. You have excellent problem solving skills and consider yourself detail oriented. In these positions you would be responsible for completing forest engineering work in both the field and office. Tasks would include but are not limited to block and road layout, stream classification, setting package compilation and site plan data collection.

Candidate Qualifications:

- Employees must conduct themselves in a professional manner and work well in a team environment.
- Have excellent communication and problem solving skills.
- Be physically capable of working outdoors in challenging terrain in all weather conditions.
- Possess a Class 5 drivers license.
- Experience with Microsoft Office, RoadEng, Arcmap and LiDAR.

Additional Assets:

- Registered or eligible for registration with the ABCFP.
- Occupational First Aid Level 1 or 3.

We are looking to fill these positions as soon as possible. Only shortlisted candidates will be contacted. Please submit your resume in confidence by email at:
