job title: Labourer

Full-Time Labourer – Campbell River

Super Modular Inc.

About the Role

Supermod is seeking a reliable and motivated Labourer to join our growing modular construction team in Campbell River. This is a full-time, permanent position offering steady work on exciting residential and commercial modular building projects.

As a Labourer at Supermod, you will support production, framing, and site teams by assisting with material handling, site preparation, panel movement, and general construction duties. This role is essential to keeping our factory and job sites safe, efficient, and productive.

Key Responsibilities

Assist framers and trades with daily construction tasks

Load, unload, and move building materials, panels, and tools

Prepare work areas, clean job sites, and maintain organized work zones

Support modular unit assembly in factory and on-site environments

Use basic hand and power tools safely

Follow WorkSafeBC and company safety procedures

Perform general labour duties as required

Qualifications

Construction labour or warehouse experience is an asset

Ability to lift heavy materials and work in a physical environment

Basic knowledge of tools and job site safety

Punctual, dependable, and team-oriented

Willingness to learn and take direction

Details

Location: Campbell River, BC (factory and site work as needed)

Position: Full-time, permanent

Schedule: Monday–Friday (overtime available)

Compensation: Competitive wages based on experience

Join Supermod and become part of a fast-growing modular construction team shaping the future of housing and commercial buildings in BC.
