

Maintenance Technician - Klemtu Processing Plant

We are seeking applications from candidates for a Maintenance Technician in our Klemtu Smokehouse Facility. The Klemtu area, is our most remote saltwater production location nestled in the Finlayson Channel and surrounded by the Great Bear Rainforest. Klemtu is a hidden treasure known for its breathtaking scenery, and abundance of wildlife. The Smokehouse Facility is in the territory of the Kitasoo Xias-Xias Peoples. This is a "hands-on" position responsible for maintaining the facility and equipment on site with the management team.

Responsibilities:

- The role requires you to troubleshoot, repair, install and apply preventative maintenance techniques on a variety of food processing equipment and facility.
- Work effectively with the maintenance and management team.
- Have experience with Lockout procedures, Safety, and Good Manufacturing Procedures.
- Follow all safety and food quality standards related to Food Safety Regulations and Company Policies.
- Have a working knowledge of and/ or certificates/ tickets for any of the following: plumbing, electrical, refrigeration/ cold storage freezers / HVAC.
- Maintenance of common areas such as outbuildings and other general maintenance issues as they arise. General mechanical and carpentry ability is an asset.

Please note, this is a remote, camp-based position (15 days on 13 days off).

Closing Date: July 29, 2021

We offer competitive wages, a comprehensive benefits package, and potential for annual company bonus. To be considered for this opportunity with a progressive, growth-oriented company, and to view the full job post, please visit our website at:
