

Order Expeditor

We are looking for an Order Expeditor to join our team to improve the efficiency of transitioning PO deliverables to our end users. Reporting to the Warehouse and Logistics Manager, the successful candidate will expedite the flow of goods with past delivery dates, manage international shipments, and follow up on all unreceived PO's.

Responsibilities:

- Manage PO deliverables to ensure orders are received on time and in full, including working with customs brokers and acting as a point of contact for end users.
- Work towards lean warehousing by Identifying obsolete assets, and arrange for their responsible disposal or sale, and managing used sales advertising and inventory.
- Oversee the department's Health and Safety Program which includes managing contractor expectations and training, following up on DATS report tasks, overseeing data in SharePoint.
- Provide holiday coverage at all warehouses which involves staying up to one week on site at a time.
- Assist with various department projects and initiatives as required.

Requirements:

- Prefer a minimum of 2 years in a logistics-based position with particular understanding our of Aquaculture business needs.
- Proficiency with Opus Capita and Medius system.
- Excellent interpersonal skills with the ability to communicate with diverse people.
- Thorough understanding of our company Health and Safety expectations including risk assessments, safe work practices and DATS investigations.
- Experience developing collaborative relationships with vendors, our First Nations partners, customs and other government regulations bodies, etc.

Closing Date: November 27th, 2019
