

PAID-ON-CALL FIREFIGHTERS

Naturally, Campbell River – Located on Vancouver Island, the City of Campbell River offers a rare combination of a welcoming small-town feel with large-city amenities. We are a 45-minute drive from the winter and summer activities of Mount Washington, and just minutes from more than 100 km of all levels of mountain biking and hiking trails, plus easy access to the ocean, rivers and lakes for sports fishing, kayaking, paddle boarding and whale watching.

The City of Campbell River is seeking **Paid-On-Call Firefighters** to join our team.

Paid-on-call firefighters are integral members of the Campbell River Fire Department, working alongside full-time firefighters in the provision of fire and rescue services to the City of Campbell River.

Paid-on-call firefighters provide an efficient and effective service to the community in the preservation of life, property and the environment. They perform the basic functions of fire protection involving:

- The containment of structural and environmental fires
- The rescue of citizens involved in motor vehicle incidents
- The containment of fires and spills involving motor vehicles
- Support of Technical Rescue and Hazardous Materials Operations

What we offer: The starting rate of pay for Paid-On-Call Firefighters as Recruits is **\$18.75** per hour.

The recruitment process and detailed instructions are outlined in the attached application package.

Candidates must meet the following criteria:

- Must be 19 years of age or older at time of application
- Legally entitled to work in Canada
- Live within the Campbell River Fire Protection Area
- Ability to complete a satisfactory Criminal Record Check & Vulnerable Sector Check
- Meet the NFPA standards for medical, vision and hearing (to be assessed during the recruitment process)
- Hold a valid BC Class 5 Driver's Licence (or Class 7 if driving less than 4 years) with less than 7 points in the past 3 years

Posting closing date: 11:59 pm on Friday, October 9, 2026

Posting number: 26-073

We thank all applicants, however, only those selected to move on in the recruitment process will be contacted.

Please apply using the 'Apply Now' link below.

When you apply:

You will be asked to upload a cover letter, resume and related application documents as part of the application process. You may also be asked to answer some screening questions related to the position.

Questions about this position? Email careers@campbellriver.ca

[Apply Now](#)

Thank you for your interest in the City of Campbell River Fire Department. To apply for this opportunity, you must complete the application process through the City's online application portal. You will be required to submit the documents listed below under 'Required Documents' by **11:59 pm on Friday, October 9, 2026**.

Section A – Paid-on-Call Firefighter Recruitment Process

1. Review the information package with consideration towards your ability to meet the requirements as set out in Sections 'B' through 'E'. Only applicants who are confident of their ability to meet all minimum job requirements should apply.
2. Apply at <https://careers.smartrecruiters.com/CityOfCampbellRiver> and **upload all three required documents listed below:**
 - Resume
 - Valid Driver's Licence with your current home address
 - Driver's abstract obtained within the last 30 days

If you have any trouble uploading additional documents, please email them to:
toni.falk@campbellriver.ca

3. After the posting closes, the Fire Department will review each application and offer select applicants an invitation to the fitness assessment, which takes approximately 1 hour to complete. Forms will be provided prior to the assessment which must be completed and returned on the assessment date. Results of the fitness assessment will be given to the applicants upon completion. Successful applicants will be invited to the next step; job related physical performance assessment.
4. The job-related physical performance assessments will be administered at the #2 Fire Station on the same day as the fitness assessment and be assessed by fire department personnel. This assessment will take approximately 2 hours to complete.
5. All applicants who pass the fitness assessment and job-related physical performance assessment will be contacted to participate in an interview.

Note for step 4 & 5 above: Timed event results are measured against standard firefighter benchmarks on a pass/fail basis; failing any event results in elimination from the competition.

6. After interviews are completed, the selection panel will conduct reference checks. Successful applicants will be shortlisted and are required to complete a medical, vision, and hearing assessment with their respective professionals in accordance with NFPA 1582 – Standard on Medical Requirement for Firefighters (Current Edition), as well as a Police Information Check. Forms will be provided to the shortlisted applicants. Any costs associated with these forms will be reimbursed by the fire department.
7. There is zero tolerance for persons who are deceitful, untruthful or who intentionally choose to withhold information during the recruitment process.

Section B – Qualifications & Attributes

You can demonstrate that you:

- Are 19 years of age or over at the time of application;
- Are legally entitled to work in Canada;
- Live within the Campbell River Fire Protection area;
- Are able to complete a satisfactory Criminal Record Check and Vulnerable Sector Check;
- You meet the NFPA standards for medical, vision and hearing (See Section D, to be assessed during the recruitment process);
- Hold a valid BC Class 5 Driver's Licence (or Class 7 if driving less than four years) with less than 7 points in past 3 years;
- Are comfortable being in confined spaces;
- Are comfortable working at heights;
- Work well under pressure;
- Are a strong team player;
- Are able to physically perform the duties;
- Are willing to work in dangerous and unpleasant situations;
- Can conduct yourself with professionalism;
- Are able to take calculated risks to help others in need;
- Have good communication skills;
- Are able to continue working despite physical discomfort.

Section C – Job Description

You will be expected to be able to perform the following duties:

- Combating, extinguishing and preventing fires and the saving of life and property;
- Responding to fire alarms, laying and connecting hose, directing water streams, raising and climbing ladders, using portable extinguishers, and other firefighting, rescue and safety tools and equipment;
- Searching for and rescuing people from danger and administering first-aid to the injured;
- Ventilating premises to release heat and smoke, placing salvage covers to prevent water damage;
- Driving and operating motor driven firefighting equipment as assigned;
- Performing routine housekeeping and routine maintenance of fire department equipment and fire stations;
- Participating in training, drills and practice sessions;
- Participating in rescue and safety, or public service call activities; taking responsibility for effective disposition of such emergencies;
- Participating in community events and fundraising activities.

Section D – NFPA 1582, 2022 – Standard on Comprehensive Occupational Medical Program for Fire Departments

The medical requirements outlined in this standard ensure that candidates are medically capable of performing their required duties and will reduce the risk of occupational injuries and illnesses.

Candidates must be medically fit to perform the following Essential Job Tasks:

1. Wearing personal protective equipment (PPE) and self-contained breathing apparatus (SCBA) while performing firefighting tasks (e.g., hose line operations, extensive crawling, lifting and carrying heavy objects, ventilating roofs or walls using power or hand tools, forcible entry), rescue operations, and other emergency response actions under stressful conditions, including working in extremely hot or cold environments for prolonged time periods.
2. Wearing an SCBA, which includes a demand-valve-type positive-pressure facepiece or HEPA filter mask, which requires the ability to tolerate increased respiratory workloads.
3. Exposure to toxic fumes, irritants, particulates, biological (i.e., infectious) and nonbiological hazards, or heated gases, despite the use of PPE and SCBA.
4. Climbing at least six flights of stairs or walking a similarly strenuous distance and incline in jurisdictions without tall buildings while wearing PPE and SCBA, commonly weighing 40–50 lb (18–23 kg) and carrying equipment/tools weighing an additional 20–40 lb (9–18 kg).
5. Wearing PPE and SCBA that is encapsulating and insulated, which will result in significant fluid loss that frequently progresses to clinical dehydration and can elevate core temperature to levels exceeding 102.2°F (39°C).
6. Working alone while wearing PPE and SCBA, searching, finding, and rescue-dragging or carrying victims ranging from newborns to adults weighing over 165 lb (75 kg) to safety despite hazardous conditions and low visibility.
7. While wearing PPE and SCBA, advancing water-filled hose lines up to 1 3/4 in. (45 mm) in diameter from fire apparatus to occupancy [approximately 150 ft (50 m)], which can involve negotiating multiple flights of stairs, ladders, and other obstacles.
8. While wearing PPE and SCBA, climbing ladders, operating from heights, walking or crawling in the dark along narrow and uneven surfaces that might be wet or icy, and operating in proximity to electrical power lines or other hazards.
9. Unpredictable, prolonged periods of extreme physical exertion as required by emergency operations without benefit of a warm-up period, scheduled rest periods, meals, access to medication(s), or hydration.
10. Operating fire apparatus or other vehicles in an emergency mode with emergency lights and sirens.
11. Critical, time-sensitive, complex problem solving during physical exertion in stressful, hazardous environments, including hot, dark, tightly enclosed spaces, that is further aggravated by fatigue, flashing lights, sirens, and other distractions.

12. Ability to communicate (i.e., give and comprehend verbal orders) while wearing PPE and SCBA under conditions of high background noise, poor visibility, and drenching from hose lines or fixed protection systems (e.g., sprinklers).
13. Functioning as an integral component of a team, where sudden incapacitation of a member can result in mission failure or in risk of injury or death to members of the public or other team members.
14. Working in shifts, including during nighttime, that can extend beyond 12 hours.

Candidates with the following vision and hearing conditions will not be certified as meeting the medical requirements of this standard:

Vision:

1. Far visual acuity worse than 20/40 binocular, corrected with contact lenses or spectacles, or far visual acuity worse than 20/100 binocular for wearers of hard contacts or spectacles, or new soft contact lens wearers, uncorrected.
2. Color perception — monochromatic vision resulting in inability to use imaging devices, such as thermal imaging cameras.
3. Far visual acuity worse than 20/100 in the worse eye, corrected or uncorrected.
4. Monocular vision, stereopsis without fusional capacity, night blindness, or loss of peripheral vision (i.e., horizontal field of vision less than 110 degrees in each eye).
5. Peripheral vision in the horizontal meridian of less than 110 degrees in the better eye or any condition that significantly affects peripheral vision in both eyes.
6. Near visual acuity less than 20/40 binocular, uncorrected or corrected.
7. Any eye condition that results in the candidate not being able to perform one or more of the Essential Job Tasks listed above.

Hearing:

1. Chronic vertigo or impaired balance as demonstrated by the inability to tandem gait walk.
2. On audiometric testing, without the aid of a hearing assistance device, average hearing loss in the unaided better ear worse than 40 decibels (dB) at 500 Hz, 1000 Hz, 2000 Hz, and 3000 Hz when the audiometric device is calibrated to ANSI/ASA S3.6, Specification for Audiometers.
3. Any ear condition or hearing impairment that results in the candidate not being able to perform one or more of the Essential Job Tasks listed above.

Section E – Fitness Assessment & Job-Related Performance Assessment for Firefighter Applicants

The City of Campbell River requires applicants for firefighting positions to undergo a fitness assessment and a job-related performance assessment as outlined below. (Subject to change)

Fitness Assessment:	Job Related Performance Assessment:
Height	1. Claustrophobia (search confined area)
Weight	2. Acrophobia (ladder climb 101' @ 72deg)
BMI	3. Hydrant lay (50' 4" hose & wrap hydrant)
Grip Test	4. Hose carry/stair climb (85 lb up & down 4 times)
Beep Test	5. Ladder raise & lower (24' ladder as a group)
Push Ups	6. Rope pull (50 lb up & down)
Sit & Reach Flexion	7. Hose advance (1 ¾" charged line 150')
Partial Curls	8. Victim drag (175 lb over 50')
	9. Forced entry (sledge hammer on a tire)
	10. Horizontal Ladder Rung Walk (14' roof ladder to end and back)
	11. Tool Hoisting (Raise and hold tools)

To participate in the assessments, the PAR-Q+ and Consent for Exercise Testing and Release/Waiver documents are to be completed by participants and submitted on the day of testing. The Fitness Assessment will take approximately 1 hour, and the job-related performance assessment will take approximately 2 hours.

GENERAL INFORMATION: *Please adhere to the following conditions for the assessments:* Please bring a water bottle, towel, exercise clothing, and running shoes (an extra top is a good idea). It is advisable to eat a light meal up to two hours prior to the testing, but do not smoke or drink beverages containing caffeine on the day of the test. In addition, you should not exercise heavily or consume alcohol for **24 hours** prior to the testing.

Failure to adhere to the above conditions may affect your results negatively.

VERY IMPORTANT: On the day of testing, you are required to provide the following documentation:

- Government issued photo ID
- Completed Consent for Exercise Testing form
- Completed PAR-Q+ form.

Section F - REQUIRED DOCUMENTS FOR ALL APPLICATIONS:

- ☐ Resume that clearly shows:
 - o Employment history
 - o Firefighting education / certifications (if applicable)
 - o Medical education / certifications
 - o Other education / certifications
 - o Community Service / Volunteer experience
 - o References
- ☐ Current driver's abstract (within the last 30 days)
- ☐ Valid Driver's Licence with current home address

OPTIONAL DOCUMENTATION TO SUPPORT APPLICATION:

- ☐ High school diploma or equivalent
- ☐ Proof of completion/copy of certificate of fire related courses/programs (or letters of equivalency)
- ☐ Post-secondary education, training, apprenticeship (copy of certificate, diploma, degree)
- ☐ Recent firefighting experience (letter(s) from Fire Chief on letterhead)

Section G – Frequently Asked Questions

Q: Do you accept out of province applicants?

A: To be considered, applicants must reside within the response boundaries of the Campbell River Fire Department.

Q: I am currently a paid-on-call firefighter with another city. Do you have an experienced firefighter transfer program?

A: We do not have a formal program. Each application is assessed on a case-by-case basis. Please contact the fire department for more information.

Q: Is there a paid-on-call firefighter schedule?

A: Paid-on-call firefighters are on call 24/7, when available. Weekly paid-on-call firefighter practice nights are Wednesday evenings from 18:15 – 21:15 and may extend beyond 21:15 based on the training session. The recruit training class usually takes place on Tuesday evenings. Additional training may be conducted on weekends.

Q: How many demerit points are acceptable on my driving record?

A: Fewer than 7 points in the previous 3 years are acceptable. A current driver's abstract is required with your application.

Q: I recently moved from out of province and need to transfer my driver's licence. Will you accept my out of province licence until I have this done?

A: Yes. If you are accepted into the Paid-on-call Recruit Program, you will have six weeks to meet this requirement.

Q: What happens after you've received my application?

A: Your application will be assessed for compliance and completeness. A review of your file will be conducted to determine whether you meet minimum requirements. You will be advised if you are advancing to the next stage.
