

Employee Accommodation

Team members are provided with private single bedroom accommodation and share a bathroom with 1-2 other team members throughout the season.

Rooms are equipped with

- a double sized bed
- bedding and towels
- a side table
- a desk and chair
- a closet and dresser
- a tv, phone and alarm clock

This is your home for the season.
Feel free to bring your own bedding,
add a plant, pictures etc.

*Those working a 7 on, 7 off shift share a room with their counterpart who works the same shift on the opposite rotation.

Employee Accommodation

Cleaning **supplies** are provided by our housekeeping team for you to keep your space tidy throughout the season.

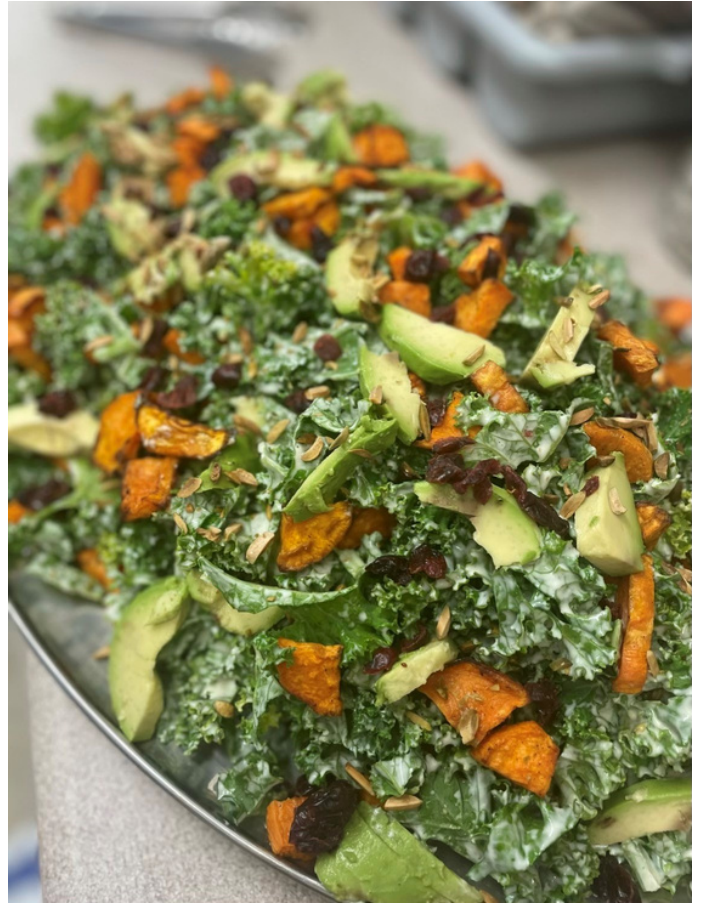

We also provide laundry supplies for our free onsite laundry room.

Employee Kitchen

Our Staff Kitchen team serves up hot lunch and dinner each day. Nutritious, delicious and satisfying options are always available.

Staff lunch and dinner is also served in the main kitchen twice daily for restaurant staff.

Have a dietary restriction or allergy?

Your manager will give you a form to fill out and give directly to the head staff cook to work out a plan to accommodate your needs!

You're also welcome to help yourself to a wide selection of granola bars, cookies, chips, fruit and anything in the leftovers fridge outside of designated meal times.

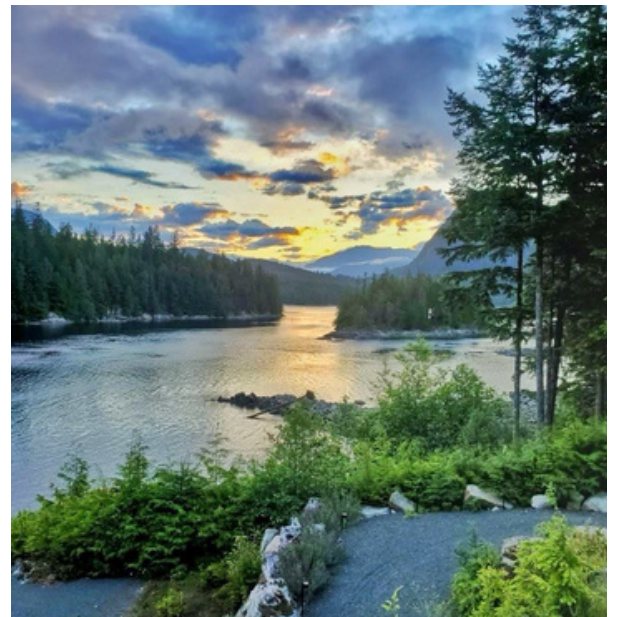

Employee Activities

Your free time is what you make of it at Sonora, there are many options to explore the great outdoors and take in the breathtaking sights.

Hiking trails of varying levels of difficulty are at the doorstep of staff accommodation and have views worth the trek!

Florence Lake is a 5km hike from the resort (~75min hike) and a great place to take a dip in your off-time.

Ocean currents around the island get up to 16 knots - which the Sea Lions enjoy - but is too dangerous for us to swim in.

Employee Activities

In addition to enjoying the views and the lake, there may be opportunities to get out fishing and wildlife viewing with a guide in their leisure time. You can also try your hand at fly fishing at the trout pond.

Three golden retrievers, Wrigley, Piper and Millie, roam the property and are usually keen to play fetch or accompany you on a hike after work.
