

# Career Opportunity

|                       |                      |
|-----------------------|----------------------|
| <b>Position Title</b> | Survey Tech          |
| <b>Status</b>         | Full-time, permanent |
| <b>Location</b>       | Campbell River, BC   |

## Overview

McElhanney is growing and has an exciting opportunity for an experienced Survey Tech to join our team in Campbell River. Campbell River offers unparalleled recreational opportunities to the outdoor enthusiast due to its close proximity to the ocean, numerous lakes, Strathcona and Elk Falls Provincial Parks and Mt Washington Ski resort. This is a safety-sensitive position.

## Responsibilities

- Interpret field data to create accurate survey drawings and legal plans, which will include downloading and editing field data, interpreting field notes and sketches, and processing conventional and GPS data
- Interpret Engineering plans for layout and quantities as well as quality assurance checks on heavy civil construction projects
- Complete calculations as needed and prepare for drafting or client project reporting
- Liaising with Project Managers and clients regarding enquiries and issues;
- Implementing and ensuring quality assurance on all field returns
- Take instructions from the project manager for performance of office tasks

## Requirements

- Degree or technical diploma in Geomatics, progressive experience in a survey tech/party chief role would be preferred; experience in legal and engineering surveys is a strong asset
- Experience with AutoCAD and survey computation software and/or GPS
- Knowledge of survey and boundary calculation, geodetic coordinate systems and map projections
- Capable of computations and assessment of found legal evidence in the field when necessary
- Understanding of the BC Land titles system
- Strong communication, leadership, and motivational skills
- Ability to travel for field positions, sometimes for extended periods
- Ability to work effectively in various geographical settings, weather conditions, and climates

## Benefits of Working for McElhanney

- Locally based office with strong community ties and positive working environment
- We are a winner of Canada's Best Managed Companies, managed by technical professionals
- Full benefits package, competitive salary, and annual bonus eligibility
- A 100% employee-owned company, with an assortment of company-sponsored professional development opportunities
- Estimated salary range \$25-37/hour plus benefits depending on education level and experience
