We are searching for a

Well Boat Engineer

We are currently recruiting for the full-time position of Well Boat Engineer. Reporting to the Well Boat Captain, it is the responsibility of this position to operate and monitor the operation of a ship's mechanical equipment in accordance with Transport Canada Regulation and Marine Harvest Canada policies and procedures.

Responsibilities:

- Ensure the vessel is maintained to Marine Harvest Canada and Transport Canada Standards
- Operate machinery according to company legal standards
- Ensure that all required safety standards and procedures are followed
- Log key operations and maintenance as required
- Participate in vessel maintenance planning including shipyard and inspection preparation

Preferred qualifications:

- Minimum of 3 years as a Marine Engineer; Forth-Class Engineer Certificate is an asset
- Electrical experience preferred
- Marine Medical and Marine Advanced First Aid
- BC Driver's License
- Experience with preventative maintenance systems and software
- Self-motivated
- Excellent time management and ability to manage multiple projects
- Safety oriented

Salary will be commensurate with qualifications and experience.

Closing Date: 13th July, 2018

To be considered for this opportunity with a progressive, growth-oriented company, please submit your resume and cover letter online at: <http://marineharvest.ca/people/employment-postings/>

Apply for position

Marine Harvest is the world's leading seafood company and the largest producer of salmon. Every day, our 13 233 employees in 24 countries produce 6.2 million healthy and delicious meals, served to customers across the globe.

Marine Harvest covers the whole value and production chain, from feed to plate, and through our vision of leading the “Blue Revolution” we are dedicated to farming the ocean in a responsible and efficient way. Marine Harvest is headquartered in Bergen, Norway, and is listed on the Oslo Stock Exchange.
