

Well Boat Engineer

We are currently recruiting for the full-time position of Well Boat Engineer. Reporting to the Well Boat Captain, it is the responsibility of this position to operate and monitor the operation of a ship's mechanical equipment in accordance with Transport Canada Regulation and Mowi Canada West policies and procedures.

Responsibilities:

- Make repairs as required to various vessel systems and associated equipment.
- Maintain accurate equipment and maintenance logs, including fuel sounding and dirty oil records.
- Become familiar with various pumping and electrical systems on boat.
- Crew Change:
 - Clean engine room.
 - Clean cabin.
 - Report any current deficiencies and upcoming required maintenance.
 - Complete hand over notes.
- Assist with vessel tie-up lines during arrival and departure.
- Assist with deployment and recovery of catch net and bumpers.
- Operate aft crane (during loading, offloading, and as needed).
- Assist with set up and tear down of fish handling gear on deck.
- Operate in accordance with vessel and MCW work Instructions and SOPs.

Preferred qualifications:

- Minimum of 3 years as a Marine Engineer or motorman
- Forth-Class Engineer Certificate is preferred
- Electrical experience preferred
- Marine Medical and Marine Advanced First Aid
- BC Driver's License
- Experience with preventative maintenance systems and software

Closing Date: February 17, 2020

To be considered for this opportunity with a progressive, growth-oriented company, please submit your resume and cover letter online at:
