

Job Description

Youth Media Project Participants

The *Comox Valley Art Gallery's Youth Media Project* is a program for community action through media involving 5 participants between the ages of 16 – 30. In this 13-week program, participants will receive training in video production, gain employability skills, and work with a network of community partners to create videos through work placements - highlighting community resources, and presenting ideas for community change.

Through the program, each participant will produce two short videos. The first video will speak directly to what folks might reimagine or see done better in our community.

The second video will be created while placed with a work experience organization and/or business. Participants consult with the work experience about an idea, shoot and edit a video and obtain final approval during rough and fine cut stages.

Required Skills/Experience

- Interested in art & video
- Between the ages of 16 and 30
- Not attending school full-time
- Legally entitled to work in Canada
- Not on EI
